EDUCATION

B.Tech in Information Technology , Rajalakshmi Engineering Colllege,kanchepuram-TamilNadu
2023-2027

SKILLS

- MERN Stack
- JAVA
- DSA
- Teamwork

TECHNOLOGY & TOOLS

ReactJS,ExpressJS,MongoDB,Git/Github,SpringBoot,Postman(api)
Cloudinary,GeminiApi,OAuth2.0,JWT,GitHubPages,Render,Nodemailer

PROJECTS

1.) MERN TODO List Web Application:A full-stack TODO List application built using the MERN stack (MongoDB, Express, React, Node.js). https://todo-frontend-react-js-six.vercel.app/

2.) Movie Review Website:A simple and elegant movie review web application where users can browse movies, post reviews, and watch trailers. The frontend is a static website built with HTML, CSS, and JavaScript, and the backend is powered by Java Spring Boot, with MongoDB used as the database. https://moviereview-front.vercel.app/

3.) Schemes Web Application for Rural People:A web application designed to bridge the gap between rural communities and government welfare schemes. It helps users discover relevant schemes, ask questions via a chatbot, connect with volunteers based on their location, and engage in discussions all from a user-friendly interface. https://github.com/Sa-ran-raj/Schemes-for-Rural-People
